REVELRY
Indian Tapas Bar

“Global Mischief. Indian Soul.”

Revelry celebrates the untamed spirit of global street food: bold, noisy, unfiltered - then reimagines it with Indian warmth and wit. It’s where tacos flirt with tandoor, naan integrates into pizza, and every bite carries a story with spice. “Born on the world streets but raised in India”

REVELRY
Indian Tapas Bar

“Chaos Never Tasted This Good.”

Revelry thrives in the chaos : the sizzle of woks, the perfume of masala, the laughter of the crowd. It’s a celebration of imperfection, spontaneity, and delicious disorder — global street food, cooked with Indian madness. Revelry is a love letter to chaos — the noise of markets, the scent of spice, the clink of cocktails, the buzz of conversation. A joyful mess of global flavors made beautifully Indian.

REVELRY CHAPTER III

7 Moments

A TIME-BASED COCKTAIL JOURNEY

Every great drink captures more than flavor it captures a feeling, a fleeting instant, a memory frozen in time. 7 Moments, a curated cocktail experience that guides you through a day of emotions, transitions, and stories, one sip at a time. From the hush of early morning to the electricity of midnight, each cocktail is inspired by a distinct moment in time—blending taste with atmosphere, and narrative with spirit.
This isn't just a menu. It's a journey.

Let time pour slowly.

MICHELIN
2026

7:00 AM – The Awakening

World stretches open with a golden yawn. Zesty mandarin and sweet Nagpur orange stir the senses, while tequila cuts through the calm like sunlight on skin. It's not just morning — it's momentum in a glass

12:00 PM – The Break

The clock strikes noon. Time slows, the smoke clears. A sharp hit of rhubarb, the fizz of lime, and whisky's quiet fire — this isn't just a pause, it's a reset. Step out, breathe deep, and let the day taste different.

3:00 PM – The Drift

The hours blur, thoughts wander. A smooth wave of vodka and elderflower lulls you in — but then comes wasabi, sharp and sudden, like a spark in a slow day. Lime keeps it bright. This is the lull with a twist. Drift carefully.

5:00 PM – The Edge

A moment suspended. Gin defines structure; Italicus and Lillet Blanc blur the borders with light and bloom. Then black lemon arrives — quiet, dark, exacting. The line between day and night is thin, this is where you choose: retreat or leap.

7:00 PM – The Spark

Flavors collide by design. Rum lays the foundation—deep, steady. Strawberry glows at the surface, bright and fleeting. Then, a shift: arugula's green bite, goat cheese's quiet richness. Not a flame, but a friction. This is ignition, not explosion.

10:00 PM – The Whisper

The volume lowers, but presence deepens. Whiskey speaks in low tones, softened by the hush of dates. Mint and lime rise gently, a breath against the dark. CO_2 lifts the silence just enough to feel alive. A whisper doesn't ask for attention — it holds it

2:00 AM – The Memory

A fleeting moment distilled. Tequila's warmth meets the sharpness of yuzu kosho. Kokum and curry leaf trace quiet depth, while lime brings clarity. The night's last imprint — vivid, precise, unforgettable.
